

MX20 | 50mm Aluminium Heavy Duty Coverstrip

MX20 is designed for use in internal installations, where flooring of different types and heights meet with maximum height variations not exceeding 10mm.

MX20 is specified to withstand retail/commercial traffic levels.

Product Specifications

- Product Code:..... MX20
- Aluminium:..... 6063/T6 Hardness
- Overall Length:3.66m
- Horizontal Width:49.8mm
- Vertical Height: 4.1mm
- Finish:..... Matte Natural Anodised
- Processing:..... Drilled and Countersunk (Screws Supplied)
- Pieces Per Carton:..... 10 Lengths

Installation Instructions

May be secured in place by drilling and counter-sinking the screw heads in a drill and plug installation. Where this method is used, it is recommended that a bead of silicone or mastic adhesive is run along both bottom length edges of the extrusion to fill in any surface variations of the hard flooring surface. This will remove any subsequent “tapping” effect that could develop.
