## Max Bond

## VSS VINYL SEAM SEALER

### DESCRIPTION

MAX BOND VSS Vinyl Seam Sealer is a solvent based adhesive designed for the chemically welding of domestic vinyl sheet flooring seams.

### DIRECTION FOR USE

All seams must be clean and dry prior to seam sealing. Transfer MAX BOND VSS Vinyl Seam Sealer to applicator bottle.

Starting at one end of seam insert applicator tip into seam and apply a continuous bead along the entire length of the seam.

Avoid excess seam sealer on surface of floor covering.

To help avoid excess seam sealer on surface, apply approx. 20mm wide masking tape over joint. Use a knife to cut along seam joint throw tape then seam seal joint. When finished remove tape.

### CLEAN UP

Clean tools immediately after use with MAX BOND SC Solvent Cleaner.

MAX BOND SC Solvent Cleaner is not suitable for use on Vinyl, Carpets or any finished surface.

### TYPICAL PROPERTIES

Appearance: Clear Liquid

Viscosity: Thin Liquid

Shelf Life: 12 months in sealed container at 20°C

Packaging: 500ml Cans

Flammable Liquid: 3
