Installation Instructions

1. Measure and cut to size.
2. For wooden sub-floors, coverstrips are recommended to be secured by means of the appropriately-coloured rippletrim nail, sizes to fit the countersink-punched fixing holes in the trim.
3. Hammer the nail down until the trim is firmly held without defacing the trim.
4. On concrete sub-floors, it is recommended to drill and plug, then use the appropriately-coloured rippletrim nail to finish installation.

(Rippletrim nails available in Silver / Gold / Neutral / Bronze finishes.)
