

Safety Data Sheet – WoCa Maintenance Paste

0. General:

- : means no data or not relevant

1. Identification:

Product name: WoCa Maintenance Paste

Product Category:

Application: Treatment of wooden floors

Measures by accident/poisoning: Bring the packaging or the product information data sheet when seeking medical attention. In Denmark: for information about the proper treatment, the doctor may call the poison information at Bispebjerg Hospital, phone **+45 35 31 60 60**

2. Composition/Information on Ingredients:

Hazardous compounds in accordance with EC Directives 1999/45/EEC; 2001/59/EEC (symbol and R-phrases are stated for the pure compound). Any volatile compounds are stated in item 8 in units of ppm.

Contains:	Weight %:	Classification:
Isoparaffin (C9-C12) (<0.01% aromatics) CAS No.: 90622-57-4	25-50	Xn;R65, R66,

Distillates, (crude oils), hydrogen treated light CAS No. 64742-47-8	5-10	Xn; R65. R66
--	------	--------------

Oil, Pigments, additives

3. Hazards Identification:

Main Toxicological and Ecological hazards: When working in small poor ventilated rooms the fumes from the product may be irritating and may cause headaches etc. Repeated exposure may cause skin dryness or cracking.

4. First Aid Measures:

General information: If in doubt, seek medical advice. Also see para. 1

Inhalation: Go outside for fresh air. If necessary consult a physician.

Contact with eyes: Rinse wide-open eye with lots of water for at least 15 minutes. Remove contact lenses if any. Contact physician or emergency room if the irritation continues.

Contact with skin: Cleanse skin in water and soap.

Ingestion: Avoid vomiting, if possible. Let the injured drink water or milk and contact physician.

5. Fire-fighting Measures:

Suitable extinguishing media: Fire is extinguished using carbon dioxide, powder or water mist.

Extinguishing media that must not be used:

Special hazards: The product must be kept from fire threatening areas.

General information: The product is non-flammable, but can burn.

6. Accidental Release Measures:

Personal precautions: -

Environmental precautions: In the event of large spillage to external environment contact local authorities.

Methods for cleaning up: Large spillages: cover/absorb with sand or other absorbent material.

General information: This is Treated as chemical waste. See section 8 and 13. Avoid letting the product run into sewerage

7. Handling and Storage:

Handling: See to sufficient ventilation, e. g. by opening windows or doors. Avoid using the product in small closed rooms.

Storage: Cloths and paper stained with oil must be kept/disposed in metal containers because of risk of auto ignition.

The product must be kept in closed original packaging.

Specific Environmental Protection Precautions: Use respiratory protective equipment, if necessary. See section 8.

Avoid skin and eye contact. Use protection gloves, if possible. See section 8. Change polluted working clothes.

Durability: -

Fire danger classification:III-1

8. Exposure Control/Personal Protection:

Engineering Control Measures: -

Respiratory Protection: Rubber half-mask/A2-filters

Hand Protection: 4H/nitrile rubber Gloves

Eye-Protection: -

Skin-Protection: -

General information: -

CAS No.: 90622-57-4

Substance: Isoparaffin (C9-C12)

Occupational Exposure Limits: 180 mg/m³

9. Physical and Chemical Properties:

Form: Liquid

Specific gravity 0,89 – 0,95 kg/l

10. Stability and Reactivity:

Stability: When in contact with the oxygen in the air there is a risk of heating and auto ignition. The risk is especially present when the oil is soaked up in cloth or other inflammable material. In contact with strong oxidizing agents heating and formation of flammable vapours can occur.

11 Toxicological Information:

Inhalation: Working in small poor ventilated room the vapours from the product may be irritating and may cause headaches etc. Repetitive or constant exposures to the vapours from the product in large quantities causes a risk of permanent damage to the central nervous system.

Contact with skin: The product may cause irritation in case of skin contact.

Contact with eyes: The product may cause irritation in case of eye contact, but will cause no damage to the eye.

Ingestion: Consumption can cause irritation of stomach/intestines and nausea/vomiting.

Chronic effects: -

General information: -

12. Ecological Information:

Ecotoxicity: Danger in marine environment.: No sufficient data. Danger to other ecosystems: No sufficient data.

13. Disposal Considerations:

General information: Spillage and residues are disposed according to local rules. Cloths and paper stained with oil must be kept/disposed in metal containers because of risk of auto ignition Transportation as waste: See also point 14.

14. Transport Information:

The product is not considered dangerous goods during transportation.

15. Regulatory information

General information:

Labelling: Not applicable

Content: isoparaffin

R66: Repeated exposure may cause skin dryness or cracking

Uses and Restrictions: Not to be handled by individuals under the age of 18 years, according to Danish Ministry of Employment's ministerial order No. 516 of 14th June 1996, concerning young people in employment.

Special Education: -

16. Other Information:

General information: -

Training advice: -

Final remarks: The information in this Material Safety Data Sheet is based upon our knowledge and on European Union and national legislation. The user's working conditions are outside our control. It is the responsibility of the users to comply with the requirements set by National Legislation. The information is no guarantee of the properties of the product.

Safety Data Sheet - WoCa Wood Cleaner

0. General:

- : means no data or not relevant

1. Identification:

Product name: WoCa Wood Cleaner

Product Category:

Application: Basic cleaning.

Measures by accident/poisoning: Bring the packaging or the product information data sheet when seeking medical attention. In Denmark: for information about the proper treatment, the doctor may call the poison information at Bispebjerg Hospital, phone **+45 35 31 60 60**

2. Composition/Information on Ingredients:

Hazardous compounds in accordance with EC Directives 1999/45/EEC; 2001/59/EEC (symbol and R-phrases are stated for the pure compound). Any volatile compounds are stated in item 8 in units of ppm.

Contains:	Weight %:	Classification:
Alkylpolyglucosid CAS No.: 94038-1	< 5	Xi, R41

C13-oxoalcohol 8 EO CAS No.: 69011-36-5	< 5	Xn, R22, R41
--	-----	--------------

Alcohol ethoxylate CAS No.: 94038-2	< 1	Xi, N, R38, R50
--	-----	-----------------

3. Hazards Identification:

Main Toxicological and Ecological hazards: Eye irritant.

Symptoms: -

4. First Aid Measures:

General information: Bring this Safety Data Sheet with you to physician/emergency room. If in doubt, Also see para. 1

Inhalation: Fresh air.

Contact with eyes: Open your eye wide. Immediately rinse with water for at least 15 minutes. Seek medical attention.

Contact with skin: Rinse with water.

Ingestion: Rinse mouth and then drink plenty of water.

5. Fire-fighting Measures:

Suitable extinguishing media: Not flammable. Use extinguishing media appropriate for surrounding fire.

Extinguishing media that must not be used: -

Special hazards: -

Special protective equipment: See item 8.

General information: If possible remove the product - otherwise keep it cooled with water.

6. Accidental Release Measures:

Personal precautions: Wear personal protection - see item 8.

Environmental precautions: See item 13.

Methods for cleaning up: Absorb large spills using absorbing material and deliver to an approved receiving station for hazardous waste. Small quantities of spilled material may be flushed to drains with plenty of water.

7. Handling and Storage:

Handling: Avoid contact with eyes. Do not mix with acidic products.

Working routines should be implemented to reduce spill or any other form of spreading.

Storage: Store in closed original receptacle.

Specific Environmental Protection Precautions: To prevent leakage, containers in use must be carefully closed and stored in upright position.

Durability: 36 months

8. Exposure Control/Personal Protection:

Engineering Control Measures: Eye rinsing bottle and plenty of water must be available.

Respiratory Protection: -

Hand Protection: If possible use protective gloves made of rubber.

Eye-Protection: Wear protective goggles if there is risk of splashing.

Skin-Protection: -

General information: Workplace and methods must be arranged to prevent all direct contact with the product.

9. Physical and Chemical Properties:

Form:	Liquid
Specific volume:	1,06 g/cm ³
pH-value (conc.):	11,5

10. Stability and Reactivity:

Stability: The product is stable in normal use.

11 Toxicological Information:

Contact with skin: Skin irritant.

Contact with eyes: Splash in eye will cause conjunctival irritation. Often the irritation is only noticed after some time.

Chronic effects: None known.

General information:

C13-oxoalcohol 8 EO: LD50 Oral Rat = >200-<2000 mg/kg

Alcohol ethoxylate: LD50 Oral Rat = >2000 mg/kg

C13-oxoalcohol 8 EO:

Skin (Rabbit) = Non-irritant OECD 404

Eyes (Rabbit) = Irritant, risk of serious damage to eyes OECD 405

Alcohol ethoxylate:

Skin (Rabbit) = Irritate OECD 404

Eyes (Rabbit) = Irritate OECD 405

12. Ecological Information:

Ecotoxicity: Contains a substance, which is very toxic to aquatic organisms. Contains a substance, which is toxic to aquatic organisms, however, it is easily degradable and, therefore, needs not be classified as harmful to the environment. The remaining substances contained in this product are only faintly toxic to aquatic organisms and, therefore, need not be classified as dangerous to the environment (LC, EC and IC >100 mg/l).

Mobility: -

Degradability: The organic substances in this product are easily biodegradable according to OECD test method 301 A-F.

Accumulation: -

General information:

Alkylpolyglucosid

Toxicity(fish): LC50 (96 h) >100 - 500 mg/l

Toxicity(Water fleas):

Toxicity(algae):

Degradability: OECD 301 D, >70% (28 days), Ready biodegradability

Accumulation:

Mobility:

Misc.:

C13-oxoalcohol 8 EO

Toxicity(fish): LC50 (96 h) 1-10 mg/l

Toxicity(Water fleas): EC50 (48 h) 1-10 mg/l

Toxicity(algae): IC50 (72 h) 10-100 mg/l

Degradability: OECD 301 A, >70% (28 days), Ready biodegradability

Accumulation: COD, 2100 mg/g

Mobility:

Misc.:

Alcohol ethoxylate

Toxicity(fish): LC50 (96 h) <1 mg/l

Toxicity(Water fleas):
Toxicity(algae):
Degradability:
Accumulation: Mobility:
Misc.:

Easily biodegradable.

13. Disposal Considerations:

General information: EAK code applies to product remnants in pure form.

Disposal considerations: This product is considered to be hazardous waste. Dispose of spill and unused material in accordance with local regulations e.g. disposal to an approved receiving centre for chemical waste.

Waste code: 20 01 30
detergents other than those mentioned in 20 01 29

14. Transport Information:

The product is not comprised by transport regulations of dangerous goods.

15. Regulatory information

General information: In accordance with the EC Directives 1999/45/EEC; 2001/59/EEC Statutory Order on classification, packaging, labelling, sale and storage of chemical substances and products. The product is marked as follows:

Labelling:

S(2) Keep out of the reach of children.

Uses and Restrictions: Not to be handled by individuals

under the age of 18 years, according to Danish Ministry of Employment's ministerial order No. 516 of 14th June 1996, concerning young people in employment.

Special Education: None specific - should only be used by persons who are instructed about the hazardous properties of the product.

16. Other Information:

R22 Harmful if swallowed.

R38 Irritating to skin.

R41 Risk of serious damage to eyes.

R50 Very toxic to aquatic organisms.

Final remarks: The information in this Safety Data Sheet is based upon the information available at the time of its preparation.

The Safety Data Sheet is issued according to present EEC legislation. The product has not been tested, however, the information about the product is based on knowledge of the dangerous properties of the contained substances together with knowledge about similar products.

Alterations have been carried out as a general update of the data sheet.

Safety data sheet

Natural Soap

1. Identification of the substance/preparation and of the company/undertaking

Prepared on: 06-10-2010/ LFH Replaces: 26-11-2008	Distributor: WoodCare Denmark A/S Tværvej 6 6640 Lunderskov
Product use: Floor soap	Tel:99585600 Fax:99585634 Emergency telephone number: 99585600 The emergency telephone is open between 8 a.m. and 4 p.m. on workdays. Contact person:Environmental Department Email: info@ttwoodcare

2. Hazards identification

DSD/DPD-classification The product shall not be classified as hazardous according to the national classification and labelling rules.

3. Composition/information on ingredients

Einecs no.	CAS No.	Substances	DSD-Classification	w/w%
		Contains no substances subject to reporting requirements.		
<i>Please see section 16 for the full text of the R-phrases</i>				
Other information Declaration in compliance with EC regulation no. 648/2004 15-30% soap				

4. First aid measures

Inhalation Seek fresh air.
Ingestion Rinse mouth thoroughly and then drink plenty of water. Do not induce vomiting. Seek medical advice if symptoms persist.
Skin Wash skin with soap and water.
Eyes Rinse immediately with water (preferably using eye wash) for at least 5 minutes. Open eyes wide. Remove any contact lenses. Seek medical advice if irritation persists.
Other information When obtaining medical advice, show the safety data sheet or label. Symptoms: See section 11.

5. Fire-fighting measures

The product is not directly flammable. Avoid inhalation of vapour and flue gases – seek fresh air.
--

Prepared on: 06-10-2010/LFH
Replaces: 26-11-2008

Natural Soap

6. Accidental release measures

Prevent spillage from entering drains and/or surface water.

7. Handling and storage

Handling

See section 8 for information about precautions for use and personal protective equipment.

Storage

Store safely, out of reach of children and not together with food, animal feeding stuffs, medicines, etc. Do not expose to heat (e.g. sunlight). Store frost-free. Keep in tightly closed original packaging.

8. Exposure controls/ personal protection

Precautions for use

No special requirements.

Respiratory protection

Not required.

Gloves and protective clothing

Wear protective gloves made of nitrile rubber,

Eye protection

Wear safety goggles if there is a risk of eye splash.

Occupational exposure limits

Contains no substances subject to reporting requirements.

9. Physical and chemical properties

State: Liquid
pH (concentrate): ca. 9,7
Density: - g/ml 1,01- 1,03

10. Stability and reactivity

The product is stable when used in accordance with the supplier's directions.

11. Toxicological information

Acute

Inhalation

Inhalation of vapours may cause irritation to the upper airways.

Ingestion

Irritates mucous membranes in mouth and gastrointestinal tract.

Skin contact

Degreases and dries the skin. Repeated exposure may cause skin dryness or cracking.

Eye contact

May cause eye irritation.

Long-term effects

None known.

Prepared on: 06-10-2010/LFH
Replaces: 26-11-2008

Natural Soap

12. Ecological information

Do not discharge large quantities of concentrated spills and residue into drains.

13. Disposal considerations

Contact the local authorities.

14. Transport information

The product is not covered by the rules for transport of dangerous goods by road and sea according to ADR and IMDG.

15. Regulatory information

Hazard designation: It has been assessed that the product shall not be classified as hazardous according to the national classification and labelling rules.

Other labelling
None.

Chemical safety assessment
Chemical safety assessment has not been performed.

16. Other information

Restrictions on use
None.

Training requirement
No special training is required, but a thorough knowledge of this safety data sheet should be a prerequisite condition.

Sources used

Other information
This safety data sheet was prepared from information provided by the supplier about physical/chemical properties and all ingredients in the product.

Full text of the R-phrases that are stated in section 3.
No R-phrases.
